These documents reference some of the large amount of evidence for the positive research results obtained by CNMs, which have shown consistently equivalent or better outcomes.

Myles Textbook For Midwives 15e PDF Book

Nurse-midwives exhibit a high level of professionalism through such mechanisms as education, credentialing, collaboration with other health professionals, and nationally-set standards of care. Midwives can provide a full range of family planning services, including counseling regarding natural family planning, prescribing birth control pills, and inserting IUDs.
