Disaster Mental Health: Theory and Practice

James founded and serves as the Director of the Institute for Disaster Mental Health at the State University of New York at New Paltz. Long-Term Treatment: Continuity Of Care. He has responded to large scale national disasters in different parts of the country.

Disaster Mental Health: Theory and Practice by James Halpern

This tool in disaster preparedness and planning presents a theoretical integration and context for what disaster mental health is and what it is not.

Disaster Mental Health: Theory and Practice / Edition 1 by James Halpern, Mary Tramontin

A broader goal is to further legitimize the still-developing field of disaster mental health by offering a synthesis of trends, discoveries and related concepts. Prepare for disaster with DISASTER MENTAL HEALTH: THEORY AND PRACTICE! James Halpern and Mary Tramontin each possess a range of experiences in many professional worlds: academia, private practice, public service, crisis counseling, forensic psychology, research, writing, consulting, collaborating with the media, and teaching disaster mental health. Together, Mary and James were part of the Disaster Mental Health Services Function of the American Red Cross Chapter in New York City.

Disaster Mental Health: Theory and Practice by James Halpern

Mary has been a Disaster Mental Health practitioner since its inception in the early nineties. Practice-oriented chapters address the challenges of counseling in chaos, psychological first aid, early interventions beyond psychological first aid, debriefing and the impact of disaster trauma on first responders, long-term treatment for traumatized patients, and new directions in disaster mental health. Debriefing and the Impact of Disaster Trauma on First Responders.

Disaster Mental Health, Theory and Practice.

Together, Mary and James were part of the Disaster Mental Health Services Function of the American Red Cross Chapter in New York City.

Disaster Mental Health, Theory and Practice.

It also presents the range of mental health interventions in the wake of disaster. As such they were among the very first mental health professionals notified when a disaster requiring mental health intervention occurred.
