Oregon Office of Economic Analysis

There are three main sources of population change which the planner must take into consideration: 1 fertility and mortality, 2 in- and out-migration, and 3 annexation of territory.

Guide to Publicly Available Demographic Data

Not only is there a lot of pent-up demand and excess household savings, but there is a second major federal relief package passed just weeks ago. Percent in households where Indo-European language other than Spanish is spoken Population Age 5 and Above, 2018 In King County 6. Population History Early recorded figures show that in 1850, Oregon had a reasonably healthy population of 12,093.

Local Area Unemployment Statistics Home Page

Warren S. Thompson and P. Portland is currently growing at a rate of 0.

Data at PSRC

Philadelphia City Planning Commission, Market Street National Bank Building, Philadelphia 7, Pennsylvania, 1946, 84 pp. Even where the working-age population is projected to grow, like in Atlanta, the number of young people will also increase, creating new demands for resources and infrastructure, like more teachers and classrooms. Use the interactive table to examine counties and metros of interest.
