The ROCs function as signalling and control centres with signalling staff, TOC staff and Network Rail controllers all working under one roof. Route 3 evening only Piccadilly Rail Station, Oxford Road Rail Station, Deansgate Castlefield Metrolink Station, Spinningfields, Victoria Rail Station, Shudehill Interchange, to Piccadilly Rail Station. This is meant to enable quick solutions to signalling problems and fewer delays to trains and passengers.

British Railway Centres: No. 4 Manchester London Road

All of our testing centres are open 7 days a week between 07:00-19:00.

How to get to Network Rail Manchester Rail Operating Centre in Manchester by Bus, Train or Light rail

A series of moving walkways on platforms tracks 10 and 11 link the concourse to a bridge at the opposite end of the station which spans the railway lines — there is also a less obvious lift elevator at the mid-point of platform 10, which leads up to this bridge. Rail Magazine 774 : 49. What facilities are available at Manchester Piccadilly Station? Glass covered the middle section, timber inside and slate outside covered the outer quarters.

How to use Manchester Piccadilly train station
