THE FIGHT AGAINST CORRUPTION IN LATIN AMERICA AND THE CARIBBEAN. A WORLD BANK VIEW

Because all Latin American countries have civil law systems, official changes to the law are made solely through amendments to the legal code, not through decisions made by a court. The ICF is actively working to cut red tape on a country-by-country basis and is also trying to harmonize African commercial law, making the climate for foreign investment in Africa more attractive.

Tax Reform: Trends and Possibilities

Interest groups representing pirate industries are currently buying the votes of members of Latin American legislatures where the enactment of patent laws seems more likely. The database includes court decisions, arbitral awards and secondary sources on these two important instruments of international commercial law.

Latin America sets the pace on environmental taxes

Despite the dominance of state ownership in finance, telecommunications, petroleum and other important sectors of the economy, private entrepreneurs continue to expand into sectors formerly reserved for public enterprise. The English version is the authorized version with private translations available in seventeen other European languages.

Taxation and Public Finance in Transition and Developing Economies

With Colombia's army on the run, the FARC rebels see no reason for dialogue with the government. As long as Kurdistan remains a formal part of Iraq and as long as the Iraqi government is one that the United States will want to continue to back, doing so will require constant diplomatic balancing with the sovereign Iraqi government. It is thus difficult to craft a really close relationship without one or the other changing its philosophy.

Harmonization

Notable high-tech companies such as , and were all founded in Shenzhen in the 1980s. For a complete description of this process, see Edgardo

Buscaglia Jr. The conference was addressed both by Mr.

Finance & Development, March 2000

The AU subsumed many of the OAU's prior structures and agreements including the Abuja treaty.

Alejandro M. Garro

The effects of these doctrines have been reflected in Latin America's responses to international attempts to raise standards of intellectual property protection. The Paris and Berne Conventions have provided a reasonable framework for the formal protection of intellectual property, but they have largely proven ineffective for dealing with piracy in Latin America for two reasons. All this causes particular concern in view of the serious and growing imbalance between the standard of living in Latin American countries and that of the industrialized nations and, at the same time, calls for definite decisions and adequate instruments to implement the decisions.

Why Latin America Was Primed to Explode

Provide technical assistance to the countries that so request: i In educational research, experimentation, and innovation; ii For training of specialized personnel; iii In educational television. Thus, for example, educational privileges differ from country to country.
