Research data management services in academic research libraries and perceptions of librarians

Additional restrictions may apply to usage of items. It is important that preservation specialists to be respectful of cultural property and the societies that created it, it is also important for them to be aware of international and national laws pertaining to stolen items. Her research has been published in journals including PLoS ONE, the Journal of the American Society of Information Science and Technology, and the Journal of eScience Librarianship and she has presented at conferences in the U.
