This edition was published in 1984

Institution/Committee	Responsibility
NDPC M & E Division	CIHM/ICMH will be implemented by the M & E Division of NDPC, as part of its routine activities, and will be managed as a normal line division of the Commission.
MEPRC	MEPRC will supervise and monitor the implementation of the M & E plan.
Office of the President	Key recipient and user of M&E information. Plays a key role in ensuring that M&E is adequately resourced and taken seriously by entire departments and agencies.
Parliament	Important role in planning government poverty reduction programs/projects. Members of Parliament are key players in disseminating government policy and its results to their constituents.
Ministry of Finance (MoF)	Monitor all government expenditure, including M&E funds.
Office of Head of Civil Service (OHCS)	Oversees performance contracts with MDAs.
Research Organizations	Provide services in the analysis of data and undertake primary research and evaluations commissioned by NDPC.
Civil Society (CSOs)	Providing independent view on poverty. Competent CSO personnel may be seconded into NDPC. MDAs, therefore, are invited to add strength to the staff available for M&E.
National Inter-Agency Poverty Monitoring Groups (NIPMGs)	The main job of these groups is to review performance in a thematic area, with particular attention to the indicators selected. They would also make suggestions on impact assessment, evaluations and participate work in well as provide relevant input into the policy formulation process. The NIPMGs would report to the Technical Committee via the Division.
The Ghana Statistical Service (GSS)	GSS produces the data on which most of the impact and outcome indicators, and the ultimate evaluation of the Government of Ghana's development efforts will depend. It is a crucial component of the M & E plan, and it must be a central actor in all the governance, planning and implementation activities of the M & E system.
Regional Planning Co-ordinators Units (RPCUs)	Coordinate and report on M&E activities in their regions.
District Poverty Monitoring Groups (DPMGs)	Coordinate and report on M&E activities in the districts.

The appointed time came, however, and brought with it no Indians. The Divisional Engineer should scrutinize the special reports of the Permanent Way Inspector as forwarded by the Assistant Engineer, with his comments and give his orders thereon to the Permanent Way Inspector through the Assistant Engineer. Full information concerning the plan of the Company's operations can be obtained at the co:M:F ,.

Tables for ascertaining the quantity of earthwork in the Grand Trunk Railway of Canada (1984 edition)

The rate of decay has now been reduced by the use of lime and zinc, but great care has to be taken in order to prevent choking of the water gage connections, in consequence of this necessary free use of lime. Cases of internal grooving, - Cases of internal corrosion, - - - - Cases of external corrosion, - Broken or loose braces and stays,. Failing this, they blindly persisted in a conduct which eventually drenched their borders in the blood of their own sons, and raised a spirit which in less than ten years tarnished the honor of the province, trampled on its laws, and threatened its integrity.

The province of Pennsylvania at last, however, succeeded in purchasing their freedom for the sum of seventy-five pounds sterling; a rate which gave such umbrage to Ononraguete, the chief sachem of the tribe, that he wrote a furious letter to the Indian Commissioner, declaring that for the future he should cause all prisoners to be murdered, since no higher ransom was to be paid for them. In making up this piece of pipe, it had been found impossible to force it into the fitting more than about three threads; and it had been in 1902. Safety-valves defective, - Pressure-gauges defective, - - - - Boilers without pressure-gauges, Unclassified defects, ----- Total, ----- Whole Number.
