Marches Most British regiments have official marches, music that is played during parades and celebrations.

PSYOP Regimental Blog: Anatomy of An Election

It is a rare world in the Imperium that has not raised at least one regiment of Imperial Guard, with the overwhelming majority of those being the tithe-exempt forge worlds and the home worlds of the Adeptus Astartes, both of which produce their own particular fighting forces. The bonds of friendships within regiments, especially those forged during conflict, can be so strong they create a generational link between units and the families who serve within their ranks, from father to grandson. In such a situation, co-ordination between regiments is rarely necessary, and the esprit de corps of the regiment provides an emotional substitute for the sense of public approval that an army receives at home.

Anatomy of an Assault

Because regiments are most often raised from the ranks of planetary defence forces, most such void born regiments spent time serving aboard a defence orbital.

Letters to the Times and Telegraph were immediately fired-off.

Regiment

A very few vanish altogether, swept away under the auspices of mysterious Imperial officials to provide altogether more secretive services to the

Imperium, such as service to the dreaded Inquisition. Without them you can do nothing at all. Attacks by French-Polish lancers wrought havoc in the British lines.
