## From Heaven Lake by Vikram Seth

Is it a means to accumulate more nostalgia for your own self indulgence? One of my favorite persons from the book is a Chinese truck driver named Sui, he was a delight throughout and so was his other companion in the truck, Ginseng, who for the most part is forgotten because he rarely utters a word except for his occasional singing. Virtually the only aside into Seth's brain is when he compares China and India for a few pages, and it's fascinating and brief and not at all overdone.

In the conflict that ensues between these fundamentally different aims, we are presented with a catalogue of travel that seems to miss much of the potential experience of the country through which it moves. Begrudgingly, I started reading the book.

## From Heaven Lake by Vikram Seth

As a graduate student in Nanjing University, Seth used his vacation to hitchhike home to Delhi via Tibet.

To pull off this impressive travelogue, Seth must have been both an amazing traveler and an amazing writer. Being a 'poor' student, Seth decides to save some money and also visit some fascinating areas of China on the way home over the summer vacation.
