**The Gentleman's Guide to Vice and Virtue (Montague Siblings Series #1) by Mackenzi Lee, Paperback**

You perfectly described a portal fantasy exactly like the one I have coming out in two weeks.

### Percy Bysshe Shelley

Yet everywhere that Frankenstein's creature goes, he and his creator are misunderstood. It is an American doo-wop novelty single by the Jamies, a teenaged vocal quartet from Boston, released by Epic Records. Mind, as far as we have any experience of its properties -- and beyond that experience how vain is argument! It was not until the eleventh century that the effects of the poetry of the Christian and chivalric systems began to manifest themselves.

### Percy Bysshe Shelley

Focalization is a element added to a narrative's. Creative destruction may make society better for the overwhelming majority of people, but some unskilled people are better off for being overpaid to do unproductive work.

### English literature

On A Future State  
It has been the persuasion of an immense majority of human beings in all ages and nations that we continue to live after death -- that apparent termination of all the functions of sensitive and intellectual existence.

### Ben De Bruyn

Examples: Cinderella, Hansel and Gretel, Jack and the Bean Stalk, Little Red Riding Hood, Rapunzel, Snow White. I seriously doubt that anyone bought these recordings for their footnotes! She could not possibly have written Frankenstein. But as Monty embarks on his grand tour of Europe, his quests for pleasure and vice are in danger of coming to an end.

They borrow the threads of its texture from the anthropomorphism of the vulgar. They are called into existence by human artifice that they may drag out a short and miserable existence of slavery and disease, that their bodies may be mutilated, their social feelings outraged.

At a certain period after the prevalence of a system of opinions founded upon those promulgated by him, the three forms into which Plato had distributed the faculties of mind underwent a sort of apotheosis, and became the object of the worship of the civilized world.

**Mary Gross**

The dogmas of the Christian faith were always repudiated by him, and there is no warrant whatever in his writings for the strange pretension that, had he lived longer, his objections to Christianity might in some way have been overcome. When Edward's stepmother learned that Jane had returned, she unsuccessfully attempted to gain control of Edward's ashes and their children. Shelley's ashes were interred in the Protestant Cemetery, Rome, near an ancient pyramid in the city walls.
