What We Do — Equal Access and Disability Rights Commission

Article 9 1 To enable persons with disabilities to live independently and participate fully in all aspects of life, States Parties shall take appropriate measures to ensure to persons with disabilities access, on an equal basis with others, to the physical environment, to transportation, to information and communications, including information and communications technologies and systems, and to other facilities and services open or provided to the public, both in urban and in rural areas. One can discern the following practices, which are serious violations: amputation as punishment, institutional abuse, forced sterilisation, castration and female circumcision, and blinding of detainees. And it underlines, above all, the right to maintain on a regular basis, direct contacts with both parents who reside in different states.
