10 Classic W. H. Auden Poems Everyone Should Read

Her obituary lists two grandchildren. Ursprung und Gegenwart is thus concerned with how the primordial leaps or unfoldings of consciousness continually undergird our present consciousness; it is concerned with how structures considered long outmoded continue to act through us; it is concerned with how consciousness is in fact still emerging, still unfolding, still leaping from its primordial substratum to generate a way of being and perceiving which Gebser characterised as integral, transparent, andaperspectival.
