Black business owners in Louisville start behind due to wealth gap

As the exchange continues, a number of other protesters gather around Faouri, who says he is just there to protect his business. Nothing here in constitutes a recommendation respecting the particular security illustrated. They were disproportionately young and female.

Program aims to help build more successful Black

As a Black business owner in Louisville, Thurston is among a small group — one that has dwindled over the years. The businesses that dotted old Walnut Street included those for everyday needs like restaurants, churches, banks, insurance companies, news and printing services, barber shops, salons, gas stations, independent doctors, lawyers, real estate agents, and more. Based on , the median white family has more than 10 times as much wealth as the median Black family, a disparity that is even larger than it was in 1968.

“Old Walnut Street” & African American Businesses

Together, as brothers-in-law, Spradling and Morris once owned much of the eastern Russell Area in the 1830s. That makes it hard to get your foot in the door to get the funding that we need because of the role that racism has played.
