## The Bulge

While each armored infantry battalion was authorized an M32 tank recovery vehicle on an M4 tank chassis , many battalions had this M31 TRV on an M3 medium tank chassis. Air security on the march of an armored rifle platoon: machine guns are pointed to the front, right, rear and left, and each halftrack has all-round air observers. Pre-war M3 halftracks of a rifle platoon line up for maneuvers.

## Historical Collections / World War II Units Index

We provide delivery tracking on US orders. The battalion's 75 halftracks mounted a. One of our crew members fired at them and they took off.

## World War II US Armored Infantry Tactics

Like the dragons of old , Armored infantrymen, deployed in extended order, cross a clear area to search the forest on the far side. The M1 blade, introduced in 1943, was designed for Shermans with VVSS suspension shown here , and the M1A1 for the wider HVSS suspension.

When traveling amongst the racing circles of drivers and fans alike, the mere mention of Bobby Allison causes excitement.
