## The Prehistoric Transportation of Goods in the St. Lawrence River Basin

Focusing on this particular aspect of settlement pattern is specially appropriate for the St.

### History and Archaeology

Settlement pattern is one of the most important of these systems, and exchange networks, including seasonal exploitative rounds, best falls under its rubric. .

### History and Archaeology

The electronic versions are a copy of the original documents as published and copyrighted by the Government of Canada and their reproduction was neither endorsed by, nor in affiliation with, the Government of Canada nor its agencies who originally created these works. Due diligence has been employed in the conversion of these documents into electronic format so as to maintain the accuracy of the original. Consideration of the identification of silicas to source is commented upon first.

## The Prehistoric Transportation of Goods in the St. Lawrence River Basin

This is followed by a general outline of the regional prehistory and its involvement in cultural exchange. Finally, a range of evidence reflecting human interactions in the region is examined.
