Therefore, you will see the original copyright references, library stamps as most of these works have been housed in our most important libraries around the world , and other notations in the work. Studies in Semitic Vocalisation and Reading Traditions Book Review: This volume brings together papers relating to the pronunciation of Semitic languages and the representation of their pronunciation in written form. The vocalization and accent signs are notation systems that were created in Tiberias in the early Islamic period by scholars known as the Tiberian Masoretes, but the oral tradition they represent has roots in antiquity.
