Bibliographies are provided for most entries. Yet, despite a growing sophistication in methodology and complexity of analysis, the basic contours of the study of slavery remain much the... The Dictionary was issued at a time when the study of slavery commanded a central place in American historical thinking and, increasingly, in a host of other disciplines as well.

Dictionary of Afro

Emphasis is placed on the social, institutional, intellectual, and political aspects of slavery. Dew Professor of American Studies Williams College At the invitation of James T. The essays, which range from a few paragraphs to over five pages, are arranged alphabetically.

Dictionary of Afro

It is a work which is written with the general public as well as the scholar in mind. Each article includes a selected bibliography to lead readers to further scholarship on a given topic. The essays treat both broad subjects, such as the slave trade, abolition, and education, as well as more focussed topics like the underground railroad, slavery in specific cities or states and biographies.
