### Metaphysical poets

Paul's letter to the Romans contains within it a complete telling of the Gospel.

### Drayton's relation to the School of Donne, as revealed in the Shepheards Sirena (1923 edition)

Doctor Faustus has been treated as a link between the miracle and morality plays and the illustrious drama of Elizabethan period. The language went on and in some respects improved; the best verse of Collins, Gray, Johnson, and even Goldsmith satisfies some of our fastidious demands better than that of Donne or Marvell or King.

### The school of Donne. (1962 edition)

Throughout, he trifles, exhorts, besieges and assails, determined to conquer.

### John Donne

Another important theme in Donne's poetry is the idea of true religion, something that he spent much time considering and about which he often theorised.
