Hard To Find Sheets

COVID-19 Response Suppliers COVID-19 Response: Can Your Company Help Provide Critical Supplies? Geological Survey publication
Topographic map information and symbols, Marck 1978. Aluminum sheets for aircraft and aerospace industrial applications are available.

Map scales

Our main campus is situated on the Haldimand Tract, the land granted to the Six Nations that includes six miles on each side of the Grand River. A ratio map scale of a 30' quadrangle 1:125,000 then represents 1 inch to 2 miles, and so on. Also works with aluminum coated steel, rolled aluminum and extra wide and long aluminum.

Canada 1 inch to 1 mile (1:63,360)

Aluminum sheets are available in standard sheet sizes of 48 in. Meets AMS, QQS, ASTM, ASME and military specifications.

Extra Wide & Long Aluminum Sheets

Available in metric and imperial sizes. If the plain metal sheet is used for a hollow structure, such as a column cover, at least 16 Gauge Stainless Steel 0. ISO 9001:2008 and AS 9100C certified.

Metal Sheet Sizes & Thicknesses

Any questions at all about size, please feel free to email us via the customer service link to the left.
