However, the pre-credits scenes were viewed as lacklustre when compared to ones from previous 007 films, so the credits were pushed back to appear after the boat sequence. When Bond begins investigating his affairs, chopper pilot is dispatched to assassinate him from the air. In Casino Royale, he wears a Planet Ocean on a rubber strap to chase a bomb-maker through a construction site, but later at the casino, he dons a daintier Seamaster Professional on a flashy bracelet.
