It is intended to disclose research strategies that perhaps have not been considered before. For seasoned researchers and as his mentors taught him, tax rolls can be a most important tool for discerning who is who, and where and when they were living. The saints and poets, maybe - they do some.

## Genealogy Classes

Most pedigree charts show four to six generations, though you may create one that shows many more generations.

## BOOK REVIEWS, Historical Research

Note: when I originally researched this question these records were not available online; I ordered several microfilms of records from the Family History Library for viewing at my local. Not directly genealogy but certainly important to genealogist. Some of the findings and discussion reported here appear also in periodicals intended for an audience of sociologists.
