the 1990s were dominated by the political orthodoxy of the Washington Consensus and the political uniformity of centre right governments the first decade of the new century is being characterised by the emergence of a plurality of economic and political alternatives. Cannon's multi-faceted inter-disciplinary approach, including original research among right-leaning actors in the region makes the book an essential reference not only for those interested in the contemporary Latin American right but for anyone interested in the region's politics at a critical juncture in its history.

This volume on democratic accountability addresses one of the burning issues on the agenda of policy makers and citizens in contemporary Latin America: how democratic leaders in Latin America can improve accountability while simultaneously. Each chapter focuses on a different institution and compares how they are constructed differently across countries. .

These responses, he persuasively argues, can vary from elections, through street protests and media campaigns, to military coups, depending on

the level of perceived threat felt by elites from the left.
