Accessed on 6 September, 2005. The study is reported to yield important information about the nature, dimensions and extent of child labour and work in Lesotho and present a useful picture of children who are herding, working as domestic workers, and working from and on the streets. The purpose of the evaluation was to determine whether the program met its goals and investigate the effects of the modifications.

## Annotated Bibliography Samples // Purdue Writing Lab

Modern Language Journal, 90 4 , 588-590. Vocabulary and subject knowledge were comparable across groups.

## Annotated Bibliography

Capacity is a complex blend of motivation, skill, positive learning, organizational conditions and culture, and infrastructure of support.

## Bibliography

Developing professional learning communities seems to hold great promise for capacity building for sustainable improvement.

## Write an Annotated Bibliography

Nevertheless, the evaluator has to keep in mind that the choice of methodology depends on the purpose of the evaluation study, the kind of questions stakeholders pose, the feasibility of the methodology, and availability of resources for evaluation. They show how Lesotho is in many ways a typical sub-Saharan country except that it possibly has less natural resources than most.
