Italy facts: check out this beautiful country!

Unsourced material may be challenged and. The interdisciplinary nature of the geographical approach depends on an attentiveness to the relationship between physical and human phenomena and its spatial patterns.

Test your geography knowledge

As observed on the map above, the Apennine Mountains a range of the Alps from the Italian peninsula's backbone extend south through Italy, then directly beneath the narrow Strait of Messina to cover much of Sicily.

Italy Facts for Kids

Geography has higher aims than this: it seeks to classify phenomena alike of the natural and of the political world, in so far as it treats of the latter, to compare, to generalize, to ascend from effects to causes, and, in doing so, to trace out the laws of nature and to mark their influences upon man. Those deeply indented coastal areas include countless bays and coves, and most have sandy beaches. Introduction to Customized Quizzes Create quizzes with just the questions for the places you are studying.

Italy facts: check out this beautiful country!

Italian is an official language not only in Italy but also in Switzerland, San Marino, Vatican city. Geographic information systems Main article: Geographic information systems GIS deal with the storage of information about the Earth for automatic retrieval by a computer, in an accurate manner appropriate to the information's purpose.

Italy Maps & Facts
