THE RISE OF MUSCOVY In the 1280s and 1290s a struggle broke out between the two eldest sons of Alexander Nevsky - Dimitri of Pereyaslavl' and Andrey of Gorodets. Firstly, although there were acute shortages not only in the 1930s but even in the early 1950s, it now appears that the Soviet Union has adequate reserves on its own doorstep of virtually all the raw materials needed for modern industry, which cannot be said of any other country.
