Alternative Feeds for Ruminants — Publications

Portable waterers and electric fences can provide low-cost, temporary methods of fencing large areas of crop aftermath.

Cold Pea Salad (Amazing Summer Salad)

Flax should be limited to 10 percent of the grain in livestock diets. Russian Thistle Hay The crude protein of young Russian thistle is similar to alfalfa and the TDN or energy is about 10 to 15 percent less.

perssongroup.materialsproject.org: Ensure 100% Plant

Dry cows and heifers may be fed sunflower silage as their only source of forage. For additional information about a product, please contact the manufacturer.

Cold Pea Salad (Amazing Summer Salad)

Sorghum Forage , Sorghum-Sudan and Sudangrass Several commercial seed companies market these warm-season annual forages. Bunker or trench silos as well as plastic silage bags can be used to store the wet material alone or mixed with other dry forages for longer periods of time.
