## The life of Gluckel of Hameln, 1646

To be a member, one had to swear certain Christian oaths, and, of course, Jews were therefore excluded from membership.

### Self

Va deixar d'escriure els diaris l'any 1699, poc abans del seu segon matrimoni, i va reprendre l'escriptura després de la mort del seu segon marit als volts de 1715—1719. Married at 14 and eventually giving birth to 14 children several died, Gluckel explains her purpose in writing her life story which she began to do at 44 as a way to deal with her grief over the death of her beloved husband, Chayim Hameln. A surprisingly fun and upbeat diary for the life of a 17th century Jewish woman who suffered a number of difficulties, setbacks, and hardships.

### Gluckel

Glückel's diaries are the only known pre-modern Yiddish memoirs written by a woman. Molt posteriorment els historiadors van descobrir els diaris i es va poder apreciar el seu relat de la vida en aquell temps.
