Hrosshvalur

It also smells bad, is covered with fine fur, and its insides are like those of a horse.

Jón Gudmundsson and his Natural history of Iceland, by Halldór Hermannsson.

It is irredeemably evil and is unfit for eating, its flesh vanishing from the pot if cooked, and its consumption was banned by law. Different proposals for the treatment of the LULUCF-sector Land Use, Land Use Change and Forestry sector are compared and analysed.

Jon Gudmundsson and His Natural History of Iceland : Jon Gudmundsson : 9780527003456

In the Kormaks saga, the witch Dorveig transforms herself into a hrosshvalur to attack the brothers Kormákr and Dorgils.

Jón Guðmundsson lærði 1574

Only the Stökkull and Raudkembangur rival it in malice. Jon Gudmundsson, who confused it with the stökkull, depicted it with a dappled back. They recognize her from her eyes, and drive her off by throwing a javelin into her back.

Jón Gudmundsson and his Natural history of Iceland, by Halldór Hermannsson.

However, it was clear early on that it and the walrus were very different animals, as Gudmundsson separately describes both the hrosshvalur and the walrus rostungur in detail. Horse-whales are also portents of bad weather, and can create huge waves by whipping their tails.

Hrosshvalurs are also associated with the dark arts. In the 13th century, a hrosshvalur that surfaced alongside a ship was bombarded with every heavy implement available, which caused it to sink back below the waves.

Hrosshvalur

The Scottish Review, October, pp. This edition of his story was produced on the occasion of the 400th anniversary of the slaying by Hans Petersson 2 editions published in 2009 in English and held by 4 WorldCat member libraries worldwide Abstract: The Nordic Council of Ministers has set up the Nordic COP 15 Group to help achieve a successful outcome in the climate change negotiations at COP 15 in Copenhagen in December 2009. These whales grow 30 to 80 cubits 15 to 40 meters long.
