## Child gender and father involvement in fragile families

The early needs of an infant and toddler are more specifically met by it's mother. This pattern supports an interpretation of child gender effects based on parental beliefs about the importance of fathers for the long-term development of sons.

## Loving Fathers or Deadbeat Dads: The Crisis of Fatherhood in Popular Culture

Benson, The Troubled Journey Minneapolis: Search Institute, 1993, 84 Indeed, not only has the importance of a father's role been challenged, but also the very idea that fathers are even necessary at all. In contrast, and consistent with previous research, fathers who are married when their child is born are more likely to live with a son than with a daughter one year after birth.

## Child gender and father involvement in fragile families

Give us a try today. Harper and Row, 1984 James Youniss and Jacqueline Smollar, Adolescent Relations with Mothers, Fathers, and Friends Florence W. Henri Nouwen, a priest and author, accurately pred.

## Reassessing fatherhood : new observations on fathers and the modern family : Lewis, Charlie; O'Brien, Margaret, 1954

Teen pregnancy rates have dropped more and more through the years. The annual study on drug use among young Americans compiled by Pride Survey, a non-profit, by-partisan group that surveys over 100,000 students from 6th to 12th grade has shown that drug use has fallen to the lowest level in 8 years.

## Book reviews, Journal of Family Therapy

Out of this debate there has emerged a negative portrayal of the male gender and traits that seem to be innate in the masculine psyche, leaving a

virtual vacuum in terms of any standard by which young boys and youth can attempt to aspire. London, UK: Sage P, 1987. Douglas Nelson, Kids Count Baltimore: Annie E.
