Together, the chapters draw on some of his landmark publications for inspiration and discuss the key findings presented over his 50 year career.

## The Politics of Crime Control

Abstract: This book is a collection of pathbreaking essays by the foremost criminologists currently working in the UK. Arguably the leading policing scholar of his generation, Reiner's work over some 40 years has ranged broadly in this field, taking in the study of police culture,

organization, elites, and relationships with the media. The chapters are grouped around the three major themes that run through David Downes' work — sociological theory, crime and deviance; comparative penal policy; and the politics of crime.
