Erich Fromm, Mechanisms of Escape from Freedom (1942)

Wishful thinking will not help us.

Escape from Freedom on Apple Books

Grace Blake and her daughter, Tracie, drove the last vehicle. . .

Escape from freedom (1941 edition)

Once the stage of complete individuation is reached and the individual is free from these primary ties, he is confronted with a new task: to orient and root himself in the world and to find security in other ways than those which were characteristic of his pre-individualistic existence. Is there a hidden satisfaction in submitting, and what is its essence? It is the desperate attempt to gain secondary strength where genuine strength is lacking.

Escape from Freedom by Redmond Herring, Paperback

In reality this made people work harder to 'prove' to themselves that they were destined for God's kingdom. Alternatively, it may be Fromm's answer is by spontaneous action. The destruction of the world is the last, almost desperate attempt to save myself from being crushed by it.

Escape From Freedom by Erich Fromm

It makes me think of people like Mark Zuckerberg, Robert Mercer, Elon Musk, the physicists who split the atom, whoever decided to start burning fossil fuels, the developers of virtual reality. The First World War was regarded by many as the final struggle and its conclusion the ultimate victory for freedom. The whole thing is, for Fromm, analogous to the process of individuation as described by Jung.

Erich Fromm, Mechanisms of Escape from Freedom (1942)

Again, she was alone, away from her family and sad. While modern civilization has liberated human beings in a number of practical ways and has furnished us with various positive freedoms, its psychological impacts has given rise to an epidemic of negative freedom. It then becomes identical

with doubt, with a kind of life which lacks meaning and direction.

Escape from Freedom

Using the insights of psychoanalysis as probing agents, Fromm's work analyzes the illness of contemporary civilization as witnessed by its willingness to submit to totalitarian rule. If you swap concerns regarding the cold war for catastrophic global climate change, then.

Erich Fromm

They need myths and idols to endure the fact that man is all by himself, that there is no authority which gives meaning to life except man himself.
