Dam and Tribal Displacement: A Case Study of Odisha

Local subsidiaries of Coal India Ltd have drilled tubewells in many villages and Central Coalfield Ltd has contributed Rs 14 lakh towards the relief work. The percentage of tribal families in case of Kanupur and Subarnarekha were very high. Death by starvation BESET by famine and drought, large sections of Orissa and Bihar are beginning to mirror the stark images of hunger in Somalia and Sudan.

Territorialisation and marginalisation in the forested landscapes of Orissa, India

We believe information is a powerful driver for the new tomorrow.

Territorialisation and marginalisation in the forested landscapes of Orissa, India

The Orissa government white paper claims paucity of funds hinders permanent famine prevention, but says the government has taken steps to ensure nobody dies of hunger. Studies made in Mayurbhanj, Phulbani and Keonjhar districts show various problems relating to tribal education.

A Study of Living Megalithic Tradition Among the Gond Tribes, District

Integer dictum cursus nisl, quis ullamcorper augue. Historiography Research on the living tradition of Megalithic practice in Odisha is very few.

Problems And Prospects Of Textile Industry In India

In the distribution of the remaining 15 per cent, extra weightage is not given to states like Orissa and Bihar that have massive populations below the poverty line. All the efforts and money spent by the state on afforestation have been fruitless. Very little of this vast area was settled with the tribals.
