The judge also held that the scope of the remedy should be all Green Belt allocations in Leeds, rather than just those in Aireborough. These features do not preclude new development or redevelopment, but do require it to be appropriately located, sensitively designed and of a style and quality that conserves and enhances the surrounding built and natural environment. Proposals will be expected to deliver the following: Employment use; opportunities should be explored to re-provide floorspace for employment generating uses, which may include office B1 use, hotel and conference C1 , leisure and entertainment D2 facilities.

Snowdonia Green Key Proposals

The policy states that development must conserve and enhance the assets of the town and its special character.

My cynicism says that the money grubbers won't let people circumvent an opportunity like that by paying a quid to park 15 miles away, in farmer Evans' field! And what times and frequencies would the buses run? What provision is there for people who want to walk over areas not served by this fiasco? An action plan consists of a number of action steps or changes to be brought about in your community. This Site Allocations DPD sets out the sites proposed to deliver the levels of growth identified in the adopted Core Strategy, including a total of 6,000 net dwellings, employment, retail, community and other types of development.

While this protection represents a significant constraint upon the outward expansion of the town, it also does much to enhance the quality of life and recreational opportunities available to residents, and helps to secure the special character of the town. To approve the Consultation Draft Site Allocations DPD with amendments 30. Unfortunately in most schemes this isn't the case.
