## Religion, Spirituality, and Health: The Research and Clinical Implications

As in the earlier sections, I cite high-quality studies as examples. This attitude may indicate internal resistances that you are not aware of. This conflict has manifested in the clinical work of many mental health professionals, who have generally ignored the religious resources of patients or viewed them as pathological.

## Religion, Spirituality, and Health: The Research and Clinical Implications

This is better than following one tradition without knowing much about any other, because you might not be following the one that is most efficacious for you.

## What is Spirituality — Definition and Types of Spiritual Practices

The goal of spirituality is defined differently in different paths.

## What is Spirituality — Definition and Types of Spiritual Practices

The light energy activation process that anchors the physical body with higher frequencies of the 5th Dimension.

## DIMENSIONS IN SPIRITUALITY : Reflections on the Meaning of Spiritual Life and...

A secular person will be indifferent towards God and will be guided in his actions only by his personal motives. It may be scripted or spontaneous; spoken out loud, silently in the mind, or without words pure communion.
