ItinÃ©raire de Paris à Jérusalem : Chateaubriand, François

Quelques beaux morceaux de style travaillé se détachent çà et là sur les pages plus simples qui ne sont remplies que des impressions personnelles et des aventures journalières, parmi lesquelles les plus vives se rapportent au dénuement des Grecs et à l'oppression des Turcs.

ItinÃ©raire de Paris à Jérusalem, et de Jérusalem à Paris; suivi du Journal de Julien by François

At first, it is surprising that Chateaubriand spent so little time and few comments in place of great historical and archaeological interest. From Jaffa, he sails to Alexandria and then to Cairo visiting Rosetta and the Nile. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Il visita d'abord la Grèce, que son ardente imagination lui a fait souvent voir sous des couleurs plus idéales que réelles. He travelled widely from 1806, in Europe and the Middle East, and highly critical of Napoleon followed the King into exile in Ghent during the Hundred Days. He wanted to return to France with a collection of drawings and notes enough to publish memories of travel adventures of all the famous and

celebrated countries and cities around the Mediterranean and most of all from Jerusalem.
