Rumours From Elsewhere on Steam

His theory of memory is a direct realist theory because, according to Reid, memory is not directed towards any present perceptions, ideas, or impressions—stored or otherwise. Mounted on the wall of each booth was a minijukebox whose movable mechanical pages were full of song listings.

How Social Media Is Hurting Your Memory

Recounted with a clear-eyed mix of regret, nostalgia, and love, Elsewhere is a stirring tribute to the tenacious grip of the past. Selections made here—five for a quarter, if memory serves—were played on the real jukebox on the far wall. In Russo's case, I had the image of him living in a small upstate New York town, where the people more or less bumbled along but ended up having a fairly adequate and fulfilling life with some exceptions, of course.

The Exploration of Memory in Things Remembered and Things Forgotten

Memories do not make me the same person as the person represented in my memories. The pastness of the event apprehended is not part of the content of the past apprehension.

Because mental states are fleeting and non-continuous they cannot remain identical over time. Memory can only produce a continuance or renewal of a former acquaintance with the things remembered Essays, 255. The belief is about or of the event because the other constituent of memory—the conception—supplies the event, which is the object of the belief.

How Social Media Is Hurting Your Memory

Reid interprets Locke as holding what is now called the Memory Theory of personal identity Essays, 277. Memory is directed towards the events presented in past apprehensions.
