Saunders, AFSCME Paul Shearon, IFPTE Capt. However, contrary to some media accounts, independent contractors do not represent a large or growing share of the U. They argue persuasively that allowing productivity, quality and innovation to remain the domain of management is the root of current problems and that labor-management relations--not tax cuts or deregulation-- is the key to an American economic renaissance.

## **Globalization of Industry and Implications for the Future**

Just as work and workers are changing, so is union membership.
