finds at Roman cemetery show Carlisle just a place where hairy barbarians were selling say archaeologists

It is open every day throughout the year and is a superb local historical resource. Around the rampart were a couple of defensive ditches. A Roman port in Lancashire.

Excavation of Rome home leads to startling ancient discovery

Available online as a pdf from library. This included two highly decorated capitals tops of columns , and you can see these on display in the museum. Amongst the finds were gaming counters, brooches, beads, stones from rings, bronze pins and 25,000 pottery sherds.

Excavation of Rome home leads to startling ancient discovery

A furnace room provided warmth to three rooms that would have had needed under floor heating. At the centre of the agger a 1m x 1m trench was opened and excavated down to what was presumed to be the natural surface in order to reveal the underlying structure of the road. Together, the inscriptions spell At e ba tum— a reference to the Artrebatas people, who may have seen their sign destroyed by around 2,000 years ago.

The Most Amazing Artifacts Discovered While Building Rome's Subway

Recent excavations have revealed metal and glass industrial production taking place within the fort, near the north gatehouse and barracks area. Next to the verandah stood the usual Outer Court with a colonnade round it and two wells in it one is the usual provision : the colonnade seemed to have been twice rebuilt.

Flooding find: First UK Roman road discovered in 150 yrs — RT UK News

To see the only part of the excavated fort on display, head for the granaries.

The Sinister Roman Cavalry Helmet of the Ribchester Hoard

This originally flanked the entrance from the Courtyard to the Cross Hall of the Headquarters building. This page gives details of the history of the

fort, its re-discovery by antiquarians and a walking guide to what can still be seen.
