Applied to geography, these principles result in a classification consisting of geographic areas whose boundaries are specifically delimited in accordance with well-defined concepts and which, in total, cover the entire landmass of Canada. Census metropolitan areas may also differ from Metropolitan Areas designated by local authorities for planning or other purposes.

2011 National Household Survey

Motion Pictures 14 reels : Training films for enumerators for 16th Census 1940 , 1939-40 4 reels. The first component of the CMA name is always the historic central CSD even if its census population count is less than the other eligible component CSDs.

Pre

This census did not record population figures for areas smaller than a district and therefore there are no specific numbers available for the Kamloops area. The Internet web site of Library and Archives Canada has an index to the Ontario portion of the 1871 census index. Refers to arrangements of the dwelling.
