The most amazing treasure book ever written, giving the locations of well over 100 fabulous fortunes waiting to be found in the ore-rich Southwest. Hauck: Hey, betcha here's who killed him and here's why and I know who helped cause it's obvious, isn't it? And more as they pass a supposedly empty dig site.

When Hauck first meets her, he cannot stomach how young and conceited she is. I love Charlaire Harris's books as well as the TV adaptation movies. Hauck: Hey, betcha here's who killed him and here's why and I know who helped cause it's obvious, isn't it? This includes the MX mail exchange type, A Address type, SIG Signature type, etc.

There is just nothing much there. What happens when a gritty Connecticut detective teams up with a young woman who can locate dead bodies by visualising their final memories? As the excavation goes on, a ship from the olden ages is discovered which changes the course of history. Each treasure account is preceded by the approximate location, estimated total value - and authentication.
