The Turks themselves were too weak to act as a threat, so British policy opposed France, then Russia and eventually Germany, when those states seemed most likely to get too much influence over a weak Turkey. The OPDA directors followed a fine line, permitting Turkey enough financial resources to survive while squeezing out the maximum return on Turkish bonds although money for reforms was treated more favorably than money for the military budget. Russia began the Early Modern period as the most backward of the Great Powers but also was the state with the greatest potential to tap new resources and grow.

France too aligned itself with the Greeks, but Austria still worried about Russian expansion did not.

## **The Eastern Question: An Historical Study in European Diplomacy**

The destruction of the Ottoman fleet and the threat of Russian expansion alarmed both Britain and France, who stepped forth in defence of the Ottoman Empire. It is moving deeper and deeper into the world of Islam.
