Honoring children, making relatives

Responsibility has been delegated to approximately five agencies and the agency that Gwen is working with is extremely helpful, positive, and supportive. This mystified, spiritualized vision of motherhood, although challenged, has been embraced by many within the women's movement and has dominated much of recent feminist thinking. International Adoption To date, most of the studies on single parent adoption have examined the experiences of parents who adopted children of the same race from agencies in the United States Shireman, 1995.
