## Why Is America Engaging in Socialism, When Most of World Is Moving Away from It?

This is the central question dividing capitalists and socialists, with capitalists advocating extensive rights of private ownership of the means of production and socialists advocating extensive social or public ownership of these means.

## What Is Left of Socialism by Leszek Kolakowski

Moshe Yanovskiy and Sergei Zhavoronkov: Universal Suffrage: The Century of Corrupting Incentives? Indeed, they enjoyed having one key to open all doors, one universally applicable explanation for everything, an instrument that makes it possible to master all of history and economics without actually having to study either. I think there is something there, though the dynamic is a little bit more complex.

## Welfare economics and the economics of socialism : towards a commonsense critique : Dobb, Maurice Herbert, 1900

The ideal is therefore self-defeating.

## Black Political Economy in the 21st Century: Exploring the Interface of Economics and Black Studies: Addressing the Challenge of Harold Cruse on JSTOR

Eric — Great Britain has a nationalized health service, nationalized television, and a nationalized oil company. Once tax cuts are secured, high earners have an even stronger incentive to seek pay rises, because they keep a greater proportion of after-tax pay.
