### Deep Patagonia

The footpath starts to run alongside the lower Frías River. Stalls are densely stocked with goods that sell themselves. Though precipitation increases with the height, there are semiarid conditions in the nearly 7,000-metre 22,966 ft highest mountains of the Andes.

Birds of the High Andes: A Manual to the Birds of the Temperate Zone of the Andes and Patagonia, South America.

### The Andean

Sand-board down a sea of dunes. Below the tree line several vegetal species find their perfect environment.

### Plastic ingestion and dispersion by vultures may produce plastic islands in natural areas

The activity is combined with the regular service from Glaciar Sur; this means the excursion and bilingual guide services will be shared with other passengers doing the complete tour from El Calafate. Free time to explore surroundings. The Patagonia is the southernmost portion of South America.

### The Andean

South American Cangalla saddles Criollos Pace: Moderate pace with 4 to 6 hrs a day Walk Trot Level: 3 to 3 out of 5 Intermediate Age: Min 12 Riders: Min 2 riders Max 8 riders per riding group Max Capacity 22 Riding Level Intermediate level required. Look for condors as our ship transits the White Narrows. If you are extending your stay, you will want to book a flight that arrives in Puerto Montt and then returns from Punta Arenas to Santiago where you can connect to other destinations in South America.
