## Archery in Medieval England

Eleanor and Henry had eight children, three of whom became kings. During this period, England experienced a civil war, insurrections, court intrigues, and many other wars even outside its borders.

## Black History Heroes: Africans in Medieval England

This meant most of the skilled jobs available would be given to men. They were escorted through the city with a dead pig hanging from their necks and a crown of pigs' feet on their heads. But then, there were also hallucinations.

## Medieval Timeline: 10 Need

Trenchers were usually made of Tourtle, and were slices of stale bread that could be used as plates. In Aston, Margaret; Richmond, Colin eds.

## England's 10 Greatest Medieval Queens

While poor women were required to look after their children, wealthy women had a wet nurse who was responsible for them.

## Medieval Jobs

By the early thirteenth century the church had largely won its argument for independence. It was also their duty to enter into the social life of the castle and learn courtly etiquette, music and dancing. Although Isabella and Mortimer initially governed, Edward III r.

## Creepy Things That Were Considered Normal In Medieval England

A 14th century depiction of Eleanor marrying her first husband, Louis.

## Black History Heroes: Africans in Medieval England

Blacksmiths forged weapons, sharpened weapons, repaired armor. Kings and archbishops clashed over rights of appointment and religious policy, and successive archbishops including Anselm, Theobald of Bec, Thomas Becket and Stephen Langton were variously forced into exile, arrested by royal knights or even killed.
