Martial, Epigrams, Volume I: Spectacles, Books 1

The classification of sexual roles, as seen in Book 2, is continued here; the suggestion is that Zoilus should be punished for being such a bad host, but the plan to sodomise him is abandoned when they realise what the reader already knows — Zoilus is a fellator, something which makes him even more repugnant than the pathicus. Jean Andreau, *Banking and Business in the Roman World*, Cambridge, 1999, p 31.

Consider

Adams 1982: 182-125, 118-122, 125-130. He was a Roman citizen, although of Celtic and Iberian stock. You act the pleader, and you act the man Of business; acting is your constant plan: So prone to act, the coachman's part is tried; Lest all parts fail you, act the suicide.

Martial, Epigrams. Book 1. Bohn's Classical Library (1897)

Finally, there are two epigrams at the end of the book which, while not part of the main structural cycle, do interact with the theme of oral sex and os impurum seen within Books 2 and 3, and prepare the reader for the following books and the continuation of the theme throughout them. While there is no definitive judgement presented in the epigram itself, the reader is likely to understand from their reading of the previous book that for Martial it is the brother who performs fellatio who is fouler than the one who performs cumilinctus. You laugh, you complain, you dispute, you weep, you sing, you criticise, you are silent, you are noisy; and all in one's ear.

A prosopography to Martial's epigrams

Sextilianus, you drink as much as five rows of knights 1 alone: you might intoxicate yourself with water, if you so often drank as much. This important character perfectly defines what is an epigram on a known little poem, epigram also naturally: Similar to Bee, For that cause pleasure, The Epigram must be: Small, sweet and sharp. The applause of the world is not acquired for six or even ten sesterces.
