Ethnicity and Educational Achievement

Current Research Journal of Social Sciences, Vol. The participants were graduates in school year 2009-2010 from the different programs of the University which require licensure examination. A total of 239 students comprised of 127 males and 112 females participated in the study.

Factors Contributing to the Students Academic Performance: A Case Study of Islamia University Sub

Wright found that teachers would respond to Asian students in a way to promote the idea that British culture was superior and often spoke to Asian pupils as if they did not have a strong grasp of English.

Study Habits and Attitudes: The Road to Academic Success

For them, praise from teachers is bad, getting into trouble is good. It is used to pass judgment on the quality of education offered by academic institutions. In educational institutions, success is measured by academic performance or how well a student meets the standard set out by the government and the institution itself.

Factors Contributing to the Students Academic Performance: A Case Study of Islamia University Sub

Students with higher academic achievements use a wide range of study skills as compared with lower academic achievement 8 Hassanbeigi, A.
