## Quarterly Book

Repositoried in Indiana University Library in 1958 by Edmund Conklin, and which was being edited for publication by Dr.

## Amazing Grace: The Story of America's Most Beloved Song

A key to the value of the technique is found in the fact that each element and each isotope of an element shows a different pattern of absorption. It awakened a desire to get back in touch with his old friend John Newton, who he knew was living in Charles Square, Hoxton, a district of London close to the City. One may therefore get a clearer insight into this new song development if one recalls the character of its early environment.
