**Paperback**

Through understanding the self and the other, the nurse can engage in an authentic, therapeutic exchange of experience, understanding, and of being.

**Humanistic Nursing by Josephine G. Paterson and Loretta T. Zderad**

You should use evidence from the nursing literature to answer your question.

**Featured Theorists**

They were tasked to create a new program that would combine psychiatric and community health elements. Refer to the rubric below for the weighting of each section of the paper. They later continued onto their doctorate degrees in the 1960s.

**Humanistic Nursing Theory.**

Hearing and Recognizing the Call 5%? The 1st phase is the preparation of the nurse for coming to know the other. NURSING THEORISTS The Humanistic Nursing Theory was created by Dr.

**Humanistic Model**

No person or experience is the same. Now with established theory, Paterson and Zderad spread knowledge of their theory through courses that they held around the United States.

**Paterson and Zderad: Humanistic Nursing Theory by Nancy O'Connor**

How do you know you did or did not nurture more-being for your patient? PMID: 29788956 Free PMC article. Nursing is placed within a humanistic framework in Paterson and Zderad's theory, which defines nursing as a nurturing response aimed at well-being. Nursing, then, as a human response, implies the valuing of some human potential beyond the narrow concept of health taken as absence of disease.

### **Humanistic Model**

Well-Being and More-Being: for Nurse 2. This program would eventually evolve into what is now known as the Theory of Humanistic Nursing or the Humanistic Nursing Theory Scribd. By 'being with and doing with', hospice and palliative nurses can work with patients to achieve their final goals in the last phase of life.

### **Assignment: The Humanistic Nursing Theory**

Other contributors Series Notes Includes bibliographical references p. Entering the between: Courage to attend to suffering. CALL AND RESPONSE PAPER ORDER THIS PAPER NOW AND GET AN AMAZING DISCOUNT.
