Introduction. Féminisme et genre au Japon

People who do not have pride and love for their own country will neither respect the people of other nations nor will the people of other nations respect them.

Soryuin Shion

From a different perspective the meaning of p is delimited by prior identity which suggests that for an actor at any given time and space, the meaning of p is not self-evident, indicating the crucial role played by actor intentionalities in how interlocutors interpret p.

Kanda

It is worth noting that memories also involve intergenerational storytelling, such that collective experiences by one group of people are manufactured into collective memories about past events constituting communal identities. Japanese diplomatic narratives preach the need to look into the Future.

Nikaido Ren

Their approaches to identity indicate a general tendency in postpositivist IR to concentrate heavily on performance in favor of possibilities for a resilient identity that informs actor choices through time and space. Furthermore, colonization is represented here as a widespread phenomenon that Japan had no choice but to address.

Coexistence of Nationalism and Cosmopolitanism, 1997

When the plan nearly goes awry, Genji is forced to confront his true feelings for his master, and finds out in quite the surprising way that his harbored feelings may not be so one-sided after all.

Aki Shina

There is a growing literature on how Japan utilizes its diplomatic and economic clout in its foreign policy. As such, the South Korean calls for restitution are interpreted in Tokyo as a nuisance.
